

YOUNG VOICES 2017

By George Salt

Last Friday Maple Class went to Manchester Arena. When we got there I was amazed. There were thousands of children. We practised all afternoon until night. I was very scared when I saw how many mums and dads were there. When we were about to start the ground started rumbling and we all started doing the Mexican wave. My favourite bit was when we were performing in front of the parents.

The Best Day Ever In My Life

By Aiden Heath

Last Friday Maple Class went to Manchester Arena. When we got there it was very busy so we had to hold our partner's hand. We sat in our chair, lots of people were on the stage.

There was a conductor, a band and the Beat Boxers. When the lights went out I was very scared. When all the parents were there it was amazing. I could not believe there were 8,320 children.

THANK YOU!

Mrs Martin and everyone in Maple Class would like to say a huge thank you to GO GO DESIGNS for kindly donating a school banner and baseball caps for all of the children to wear at Manchester Arena. By wearing these we could easily be seen and were able to stay safe amongst so many other school children.

Young Voices

By Rohan Woodcock

Last week Maple Class went to Manchester Arena. When we were in the Young Voices stadium I was scared to death. There were so many children when I got to my seat. It was so loud and so fun it was amazing. When we were rehearsing it was so, so, so loud! When my mummy and daddy and more of my family came I was so happy and proud. I was singing so hard I lost my voice for one minute. When the lights went out everybody flicked their little torches on. The Beat Box Collective taught us how to beat box. When we were going to the coach it was so dark. We got back to school at 11 o'clock and I was so tired I nearly fell asleep.

Young Voices

By Phoebe Crowhurst

Last Friday Maple Class took part in the Young Voices choir at Manchester Arena. When we got there it was very, very, very noisy and it was exciting. It was so COOL. In the afternoon we had a practise and then finally it was time for the show, all of the lights went off and it was about to start... When it started all you could hear was 3,239 children shouting and screaming. First we sang with the Beat Box Collective and had a competition with our parents. Next we did some dancing with Urban Strides and some singing with Tabby Callahan.
