

Computing

We will explore ordering objects/images in a branching database structure and will learn how to use an online database tool to arrange objects into a branching database.

Art and Design

We will be focusing on still life drawing, linked to our topic.

Music

We will be learning how to play the ukulele and exploring pitch, rhythm and tone.

P.E.

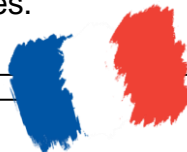

Over the next term, we will be playing bench ball, basketball and athletics.

HORTON ST. MICHAEL'S CE
FIRST SCHOOL AND NURSERY

Languages

We will be learning about pets and hobbies.

PSHE and RSE

Health and wellbeing, healthy choices and habits.
Personal strengths and achievements.

Summer Term 2023/24 Key Stage Two

Curriculum Information A booklet for parents

English

Children will be given lots of opportunities to enjoy reading and to develop their own reading preferences. The children will be encouraged to read for enjoyment.

We will be exploring; The Great Kapok Tree & The Tin Forest.

The children will complete spelling activities, investigating rules and learning to apply them. We will also focus on grammar and handwriting; specific skills will be addressed and targeted where appropriate.

Mathematics

We will continue to work on developing mathematical skills and learning number facts. Two main areas will be problem solving and reasoning, with the children becoming more confident to explain how they solved the problem and increasing their fluency and recall of number bonds and times tables. The main areas we will cover this term are: Mental and written methods for multiplication and division, money, statistics, fractions length and perimeter.

Geography

We will be exploring rainforests; looking at deforestation, climate, describing and finding out where South America and the Amazon rainforest are.

In the second half term, we will focus on rivers and find out: Where are rivers found in our local area, the UK and in the wider world?

What are the features of a river?

Science

We will be focusing on living things and their habitats, exploring potential environmental threats. This topic also looks at food chains and classification.

Religious Education

We will be exploring the question:

What is it like to follow God?

Design and Technology

We will be exploring textiles, focusing on animals which links to our rainforest topic.
